

METRO VANCOUVER SKYTRAIN - CANADA

Metro Vancouver (Greater Vancouver Regional District or GVRD) is a partnership of 22 municipalities, one electoral area, and one First Nation treaty.

Metro Vancouver, as the regional government for 2.3 million people, has three major roles: providing core services/infrastructure to the region, such as drinking water, sewerage, drainage and solid waste management; planning and policy, including regional growth, utilities, air quality and parks; and a political forum for discussion of significant community issues at the regional level.

The company 'Solid Rock Steel' has applied **ZINGA** in 2 layers of 60µm DFT by brush as a repair of damaged new hot-dip. The surface was prepared using hand tools prior to application of **ZINGA**.

System:

Surface preparation:

hand tool cleaning on damaged hot-dip
ZINGA 2 x 60 µm DFT
